1.3. Responsibilities

The final report of any investigation for clarifying a report/notification which has been received about a possible non-compliance of the PPSEAH must be written using this template, and the **members of the Safeguarding Committee** are responsible for writing the report.

The report must be handled in accordance with the principle of **confidentiality**, so it should be the exclusive knowledge of those who are responsible for preparing it, and subsequently shared with the specific instances involved in the case, as established in the flow charts for complaints/notifications of internal or external cases of suspected non-compliance with the PPSEAH. All those involved are obliged to maintain confidentiality and not to communicate information about the complaints/notifications made under any circumstances, an obligation that will be endorsed by signing the document of confidentiality and absence of conflict of interest (REGGOV02EN-FOR02EN).

This report, like all other reports resulting from the process carried out, should be duly filed - preferably in physical and digital versions - in the custody of the Focal Point for the PPSEAH, with support from the Focal Point for the PPBT.
